We are Hiring!

About the organization

The Urban Catalysts develops and delivers innovative, locally relevant, evidence-based solutions to catalyze sustainable and equitable transport, public spaces, urban planning and design. We are currently working in 10 Indian states, delivering consulting services to government organizations, non-government and development organizations through research, technical advisory and implementation support. Our clients also include development banks, international agencies and foundations.

We are looking for Transport Planner-Senior Associate to join our growing practice. The candidate will have the following key competencies:

Key competencies:

- Master's degree in transport planning, urban planning;
- At least 5 years' relevant experience in planning for public transport operations and shared mobility services; travel demand modeling, calibration, forecasting and checking model outputs;
- Able to work independently, lead and manage teams;
- Hands on experience in the use of micro-simulation software such as VISSIM, VISWALK;
- Experience with Emme, CUBE is desirable;
- Excellent writing skills in English;
- Strong interpersonal and communication skills, with fluency in English and Hindi.

Interested applicants must submit their CV, at least 2 writing samples and other relevant work samples to admnrurbancatalyst@gmail.com with 'Transport Planner-Senior Associate' in the subject line. Only short-listed applicants will be contacted. The applications will be reviewed on a rolling basis.
